Eddy Marku

Vertical Freedom & Intramucosal Implant Prosthetic Concepts Prima Restorative Masterclass

SPEAKER |

Mr Eddy Marku

Eddy Marku is the Owner and Managing Director of both Vivo Dental Laboratory and Dental By Design Clinic in London.

Eddy completed his studies in Milan in 2007 and has been working in Dental Technology from the young age of 14.

Eddy specialises in FP1 full mouth rehabilitation and working on the most complex of cases.

He has lectured in multiple locations around the world and is known for having raised the bar for dental technology in the UK with an intricate eye for detail and a passion for perfection.

PROGRAM |

The Masterclass aims at providing a good and comprehensive understanding of the restorative concepts of an INTRAMUCOSAL implant system analysing the differences and variables in the design and manufacturing of the prostheses.

The goal would be gaining an overview of prosthetic solutions and lab phases in order to better guide clinicians during implant placement and decide final neck positions.

B.O.P.T. concepts applied to implant prosthodontics will be elaborated too.
