Dt. Edson Marku

Eddy Marku is the Owner and Managing Director of both Vivo Dental Laboratory and Dental By Design Clinic in London. Eddy completed his studies in Milan in 2007 and has been working in Dental Technology from the young age of 14. Eddy specialises in FP1 full mouth rehabilitation and working on the most complex of cases. He has lectured in multiple locations around the world and is known for

having raised the bar for dental technology in the UK with an intricate eye for detail and a passion for perfection.

ABSTRACT |

This exciting 2-day course provides an innovative programme that explores a new approach to full arch dentistry, incorporating digital and analogue processes, guided surgery, immediate loading and mucogingival surgery. Through theoretical and practical sessions delegates will be shown all the steps, from planning to execution, to predictably and successfully carry out FP1 full arch reconstructions. This will allow patients & practices to benefit from more natural and highly aesthetic results through a truly minimal invasive approach.

PROGRAM |

wDay 1

- 08:45 Welcome and Registration
- 09:00 Introduction
